

**Sean Robledo Edgar
Director**

Air Resources Regulatory Experts

Sean R. Edgar has twenty-three years of public policy development and field experience in transportation, construction and air quality projects for clients in both the public and private sectors. Mr. Edgar gained experience in the public policy arena while serving in the Office of Governor Pete Wilson. There he participated in the formation of the California Environmental Protection Agency in 1991-1993.

In the 1990's Mr. Edgar joined International Technology (IT) Corporation where he managed 25 field personnel in the closure of Hamilton Army Airfield in Marin County, California. For two years, he coordinated waste storage, packaging, transportation, and disposal for the US Department of Energy at Lawrence Livermore National Laboratory. Mr. Edgar was the owner's representative for the closure of the West Contra Costa Sanitary Landfill involving earthwork over 40 acres of the landfill site.

For the past 15 years, Mr. Edgar's consulting practice has consisted of association management and regulatory advocacy relating to transportation and air quality issues. Mr. Edgar has an established presence at the California Air Resources Control Board (CARB) since the September 2000 adoption of the Diesel Risk Reduction Plan (DRRP) and has participated in every major on-road and off-road rulemaking for more than twelve years. Among his other accomplishments, he represented the private solid waste collectors (California Refuse & Recycling Council) in the development and implementation of the CARB Solid Waste Collection Vehicle Rule, the first private carrier rule enacted by CARB. In 2009 Mr. Edgar was appointed by CARB to their Truck Regulations Advisory Committee. In 2011 he was authorized by CARB through a competitive bid process to train business owners about CARB rules. In the past two years he has educated more than 5,000 fleet owners in six western states through over 150 personal appearances. He is a recognized expert regarding on-road fleet rule implementation and technology options.

Mr. Edgar holds a Bachelor of Arts degree in Political Science from the University of California at Berkeley. Additionally, in 2006 he earned an Air Quality Management Certificate from California State University Fresno Extension and has completed substantial technical training and continuing education in the fields of environmental law and regulation, hazardous materials management, and occupational safety and health. He is fluent in Spanish and is a resident of Elk Grove, California.
